The point(s) at which fish and fish products may enter a chain of custody:

The points of landing for this fishery are only New Zealand ports where appropriate inspection and recording take place. The scope of this certification ends at the points of landing which are described above. Downstream certification of the product would require appropriate certification of storage and handling facilities at these locations.

The parties, or categories of parties, that are entitled to use this certificate to enter fish from the certified fishery into certified chains of custody:

This MSC certificate will apply to all NZ vessels permitted by the Ministry for Primary Industries to fish for albacore in the NZ waters using troll gear.
